STILURI DE COMUNICARE WEB ÎN CAZUL AUTORITĂȚILOR TRANSNISTRENE

Title:	WEB COMMUNICATION STYLES OF THE TRANSNISTRIAN AUTHORITIES
Abstract:	<p><i>Regarding the internationally unrecognized states, the issue of the institutions communication within the administrative system, but also with citizens, is very little studied.</i></p> <p><i>The research difficulties are caused by the very small number of cases that can be studied in itself or in a comparative manner, by the interest lack of the authorities inside of the recognized states to relate with unrecognized authorities, by the citizens disinterest of recognized countries to solve administrative and socioeconomic problems referral to these authorities.</i></p> <p><i>On the other hand, the unrecognized administrative institutions have as a communication goal the other administration components and citizens. It cannot communicate with foreign administrative authorities, to which the communication restricted to the identity assertion - but it cannot solve all administrative functions.</i></p> <p><i>During these circumstances, a study on the communication aspects on the Internet concerning the secessionist authorities in Tiraspol is a pioneer work.</i></p>
